

MobileMax Pro Android Smart Phone recommendations

Recommendations are left to the professional PC/Industry reviewer magazines like PC Pro, along with users who have had several months experience etc

PC Pro have done a series of general users tests and the following links describe their opinions of various makes/models/prices

HTC One X:- Stonking performance, a stunning screen and one of HTC's best designs in years make this our new smartphone king reviewed 17April 2012

[HTC One X review | Smartphones | Reviews | PC Pro](http://www.pcpro.co.uk/reviews/smartphones/374140/htc-one-x#ixzz1sYvn4c9H)
<http://www.pcpro.co.uk/reviews/smartphones/374140/htc-one-x#ixzz1sYvn4c9H>

<http://www.pcpro.co.uk/reviews/smartphones/367213/samsung-galaxy-s-ii>winner of their A list award 4.3" screen (5+* review May2011)

<http://www.pcpro.co.uk/reviews/smartphones/371608/samsung-galaxy-nexus> latest version of upmarket Samsung 4.7" screen (4+* review Dec 2011)

<http://www.pcpro.co.uk/reviews/smartphones/367801/htc-sensation> HTC well built handset 4.3 screen (4* review June 2011)

<http://www.pcpro.co.uk/reviews/smartphones/357478/htc-desire> HTC quality handset 3.7" screen (5* review April 2010)

As with all phones, costs and individual preferences plays an important part of the decision process.

Good luck and if there's any testing that we can help you with please let us know.

Alan, Richard and Morten
